License Agreement

Please read the following license agreement carefully.

ZEND TECHNOLOGIES, INC.  
Terms and Conditions for Zend Core Software (the «Software»)  
IMPORTANT – READ CAREFULLY THE FOLLOWING TERMS AND CONDITIONS (THESE «TERMS») BEFORE INSTALLING THE SOFTWARE. BY SELECTING THE «I ACCEPT» BUTTON BELOW, OR BY INSTALLING THE SOFTWARE, YOU AGREE TO BE BOUND BY THESE TERMS. IF YOU SELECT «I DO NOT ACCEPT,» THE INSTALLATION PROCESS WILL NOT PROCEED. DO NOT SELECT «I ACCEPT,» OR INSTALL THE SOFTWARE UNTIL YOU HAVE CAREFULLY READ, UNDERSTOOD, AND AGREED TO THESE TERMS. IF YOU DO NOT WISH TO AGREE TO THESE TERMS DO NOT INSTALL THE SOFTWARE.  
THESE TERMS CONSTITUTE THE COMPLETE AND EXCLUSIVE STATEMENT OF THE AGREEMENT BETWEEN YOU, OR THE COMPANY ON WHOSE BEHALF YOU ARE INSTALLING THE SOFTWARE («YOU»), AND ZEND TECHNOLOGIES, INC. («ZEND»), WHICH SUPERSEDES ANY PROPOSAL OR PRIOR AGREEMENT, ORAL OR WRITTEN, AND ANY OTHER COMMUNICATION RELATING TO THE SUBJECT MATTER OF THESE TERMS  
GRANT OF LICENSE  
Zend grants to you a perpetual, enterprise-wide, non-exclusive, and transferable license to use unlimited number of copies of the Software on the Designated Computers (as defined below) and solely in accordance with the associated delivered documentation, subject to the limited distribution rights specified below. «Designated Computers» means computers owned or used by You for your business and on which the Software is installed and operating.  
LICENSE EXCLUSIONS

- I accept the terms of the license agreement
- I do not accept the terms of the license agreement

**Zend Network Subscription**

Zend Core™

Zend Core offers various subscription and support programs.

Zend works with its customers, partners and with the PHP community to ensure a high quality, secure, PHP environment is always available. In one easy step, the Zend Core Updater provides automated downloads of "hot fixes" that correct bugs, security issues and other critical issues. With this technology, you have peace of mind that your PHP environment is up-to-date and robust.

You may enter your Subscription user/password now – or do it later, using the Zend Updater.

Would you like to enter your Zend Network User ID and Password now?

### Web Server Restart

Your Web Server must be restarted and will not be available until installation is complete. Please make sure all other Web Servers are also shut down, to prevent installation failures. Would you like to continue?  
Click Yes to continue, or click No to exit installation.

Yes

No

Choose the installation mode

Please choose the installation mode:

Express Mode:

Runs the automatic installation with default settings (no advanced components enabled) and complete the installation now.

Note: You can run the Setup Tool at any time (after completing the installation) to enable and configure advanced components by using the link in start menu.

Custom Mode:

Runs the manual installation for configuring settings and advanced components such as Session Clustering, Java Bridge and Job Queue.

## Zend Platform - InstallShield Wizard

### Choose Installation Type

Please choose the installation type.

If you are installing on a standalone server, or if you are installing on the server that will manage the nodes in your cluster, choose 'Cluster Manager / Standalone Server'.

If you are installing on a node in your cluster (and you have already installed the Cluster Manager on another server), choose 'Cluster Node'.

Please note that the Cluster Manager should be installed before installing nodes.

- Cluster Manager / Standalone Server
- Cluster Node

## Zend Platform - InstallShield Wizard

Thank you for choosing to evaluate Zend Platform.  
Zend Platform is a fully functioning 30 day evaluation version.  
If after the 30 day evaluation period a valid license is not installed, Zend Platform will continue functioning as a Studio Server component only. This component is used with Zend Studio for Debugging and Profiling PHP applications.

OK
